

May 11, 2023

Whomever it may concern,

I am writing to you to confirm that Neharika Boddakayala participated in the annual Toronto Model United Nations conference 2023 (March 24, 2023 to March 26, 2023) as a delegate. They participated in the Disarmament and International Security Committee representing Guyana.

Throughout the conference, Neharika consistently demonstrated a keen attention to detail, a remarkable ability to negotiate, and an unwavering commitment to achieving their goals while maintaining respect for the positions of others. Their passionate advocacy for their country's interests and their ability to articulate their position in a compelling and persuasive manner left a lasting impression on all those who were present.

In addition to their impressive diplomatic skills, they also displayed a strong commitment to collaboration, frequently seeking out the opinions and perspectives of other delegates in order to find common ground and build consensus. Their ability to work collaboratively and effectively with others, even in the face of significant challenges and disagreements, was truly inspiring.

It was a pleasure to have Neharika at TMUN 2023 and we look forward to hosting them at future conferences.

Best,

A handwritten signature in black ink that reads "jpark". The letters are lowercase and written in a cursive, flowing style.
